

Heavy-duty
forklifts designed
for longevity

CPCD 16 TONS

Diesel /Gasoline/LPG Forklift
柴油/汽油/LPG叉车

HUAYA

CARRY THE FUTURE
胜出，必有所长

Forklifts are special safety equipment, and each component of the vehicle is a safety component. The safety valve in the oil cylinder will ensure the safe use of the vehicle

MACHINE PARAMETERS

CHARACTERISTICS		CPCD 160
Fuel	-	Diesel
Rated capacity	Kg	16000/19000
Load center	mm	900
Lifting height	mm	4000
Tilt angle F/R	/	8/10
Maxtraction(fill load)	kN	176
Gradeability(fill load)	%	25
Max lifting speed(unload/fill load)	mm/s	300/260
Max traveling speed (unload/fill load)	Km/h	30/25
Wheel base	mm	3600
Wheel tread F/R	mm	2000/2000
Min ground clearance(mast)	mm	250
Self weight	Kg	23800
Min turning radius	mm	4300
Vehicle dimensions (length * width * height)	mm	5900*2690*3950
Overall size		
Length(with/without fork)	mm	5900/7700
Fork length	mm	1800
Overall width	mm	2690
Mast lowered height	mm	3950
Mast extended height	mm	5950
Engine		
Brand		DF Cummins
Model		6BTA5.9-C150-II
Power	kw/rpm	112/2200
Tire size		
Front		12.00-20
Rear		12.00-20
Transmission		
Transmission		50B
Automatic transmission		Yes
Cast iron counterweight		Included

The publicized pictures,specification and parameter is offered to refer,please see according to the real goods
